July 31, 1982 - November 27, 2022

Douglas Logan Carrigan

Born to Michael and Deborah Carrigan on July 31, 1982; brother to Nicholas and Michelle Carrigan.

We loved you before you were born, when you were born, and through your life journey on earth. Now we love you beyond this earth and will always hold our family memories in our hearts. Remembering how very sweet of a little boy you were. An absolute delight to enjoy. You looked up to your big brother Nick and whatever he did, you did. As you grew, we remember the family vacations, sports, education, and religion. That brings me to: You rest in the arms of God, the most powerful love of all. He has welcomed you home. We miss your face, eyes, smile, your arms for hugs. So until we meet again, we will send our love to you.

“ Hi I'm Samuel, Doug's son. Found this while doing research for my English essay. I never knew him, just a few stories. I wish I got to know him. I just have a couple pictures of us. Me and my mom are doing great btw.

“ Doug, It's Tess. I still think of you everyday and every day you put a smile on my face. J is 12 years old now and of course continues to say your name as, “Goug”, the way he did at 2-3 years old.

You were a good friend and always there when any of your friends needed ya. I will always remember your goofy sense of humor and that you were eerily good at everything you tried for the first time. I also remember how much you loved you son. The times I had seen you guys playing and forts from sheets and couch cushions like the good ol' days) that you would set up for him, Finding Nemo on repeat, you always made sure to read to him the little books he loved so dearly while he sat next to you and your arm around him. So precious.

Samuel and Melissa, I hope that you guys are doing well. :)

Doug, my friend, you will always have a special place in our hearts.

“ Hey Doug... Aunt Julie here.
Wishing this wasn't a conversation we were having this way... it's been pretty tough for me to even comprehend what to say... so please be patient if it seems I'm rambling! For the memories, I want to think of the many times our families were together! You kids were little and we celebrated birthdays and holidays! Christmas and Thanksgiving especially, with your Nana and Grandad! So much fun! They were a rock for this family on what a “family foundation” should look like! Love, ❤️ forgiveness, Faith, 🙏 laughter and many games of dominoes and marbles!! 😂. So this is my message in my final conversation with you little Doug... and to anyone who should read this; Hug your loved ones whenever possible... forgive past hurts and disappointments... it's a gift we can have and can pass on. It's a choice ... to have NO regrets.
Faith in Jesus is a life line, don't lose that connection! And, if you do... he's right there, grab hold again!!
Laughter ... a smile. share it always, with your loved ones and even a stranger... it is a healer and we never know when it is just what someone else needs!
We are gifted with each breath we have ... Bless someone with that breath today!
Love you! Aunt Julie ❤️

“ Doug, man, As I click this button that says “share a memory” all I can think is that I wish there were more memories. Family is precious, life is precious, and I wish we had more of both together. You are loved and I’ve always missed your smile.

“ I am Doug’s Aunt Trish... His father Mike is my eldest brother.

I have fond memories of spending time with Doug and the family at Morton’s Warm Springs in Kenwood. I can’t remember how old everyone was but suffice to say I believe Dougie was about five. Our families had a great time barbecuing picnicking, swimming, playing ping-pong, walking the nature trails together. It had been some time since we all got together, my family had been busy traveling in the U.S. with the Air Force. Our next assignment was a tour in Shreveport La., then overseas to Italy for a few years. It was a Great Day had for All involved!! You Are Loved and Very Missed by this Auntie!!!

“ I have been a good friend of Mike's and his brother Chris's since we were freshmen in high school.

One day Mike invited me to join him and his two young sons, Doug and Nick, to go boating and water skiing at Lake Sonoma. It was a beautiful day. It was a warm, bright summer day in July. The lake was full, and the rolling hills around the lake were still green from the winter rains. I saw deer grazing on the green grass along the lake shore and a Bald Eagle flying over the lake riding the afternoon thermals.

Doug and Nick were full of energy and excited to be on the lake like I was. We ate sandwiches, drank soft drinks, and water skied until we could no longer hang on to the ski rope.

What I remember most about that trip was the closeness of Doug, Nick and Mike. The boys were like two chipmunks chattering back and forth with each other speaking their own language. I remember Mike, a proud dad, smiling and chuckling watching his two boys enjoying another day on the lake. I knew then, and looking back even now, it was special for me to be invited to share a family day on the lake with Doug, Nick, and Mike.... the Carrigans.

“ *Dougie Bear,
You were one of the sweetest boys to bless this earth. You were quick with your childhood humor..When you were 3 one day you said to me "Niki, (thats what we called your brother when you boys were small). Niki has a bad attitude.!"
I am grateful God chose me to be your aunt. I have some precious memories and the belief that you are now able to feel how very loved you are. I love you Douglas,

“*Dougie fresh I have no near since the 7th grade and I had such a crush on you but you were so nice to me even though I was the biggest dork. Your friends hung with my friends so we became friends and I'm so glad it ended up that way because that's how I met Nick And then you came apart of your family and you were my brother. I know you're in a better place and I take comfort and knowing I'll see you again someday. I hope you know how much we loved you.*”
